EVALUATOR REFRESHER: Due to the mandatory requirement outlined by the International Fire Service Accreditation Congress, all JIBC Fire & Safety Division evaluators must complete refresher training every three years in order to maintain their Evaluators status. Rather than tracking individual Evaluators with respect their re-certification dates, the Fire & Safety Division will conduct re-certification for all Evaluators every third year beginning with 2008. All evaluators will re-certify in 2008, 2011, 2014, etc. regardless of their initial Evaluator Certification date. This workshop will introduce new policy and procedures for written and practical evaluations while giving the evaluator the opportunity to review video job performance requirements and practice using the new successful or unsuccessful practical evaluation checklists.
