

## An invitation to Millennium Park Design Charrette

**The City of Castlegar invites you to participate in a design charrette to plan the future activities of Millennium Park.**

This charrette is an opportunity for you to help create a vision and plan for future activities and programs within Millennium Park.

We hope this event will mark the beginning of an inspiring draft plan that will establish the park as a premier destination for the community and region and be at the forefront of innovative design and park development.

### **Millennium Park**

Created in early 2000, the Millennium Walkway brought focus to the Twin Rivers Park area and has solidified the park as one of the City's major attractions. As a result of its popularity, the City of Castlegar has received a number of requests from residents and groups to initiate projects and improvements within the park area. Submissions have varied greatly with some projects overlapping in required space.

Recognizing the great opportunities and potential for this destination area, the City has initiated the process of creating a master plan to act as a guide and overall vision for the area's future development.

An important component of creating the master plan is to obtain input from residents, regular park users, community groups, elected officials, and City Departments. To this regard, the City has retained the services of HB Lanarc Consultants to assist with coordinating a design-based event for residents and interested groups to directly participate in the plan creation. Read more to find out how you can be involved.

**For more information**, please visit the website at [www.castlegar.ca/millennium\\_master\\_plan.php](http://www.castlegar.ca/millennium_master_plan.php)

Date: **April 13th and 14th.**  
Community Forum, 445 - 13th Ave.

Refreshments to be provided  
Public review/feedback events are open to all.

**A design workshop is about working together to find creative solutions.**

### **Design Charrette Agenda:**

#### **» Wednesday, April 13th**

- 6:00pm** Introductions and Welcome
- 6:15pm** Park Planning and Design 101
- 6:30pm** Ideas for Future Use (Working Session)
- 6:45pm** Report Back
- 7:00pm** Park Design (Working Session)
- 7:30pm** Report Back
- 7:45pm** Closing Remarks and Next Steps

#### **» Thursday, April 14th**

Daytime- Design Team Working Session (to create park plan options from community input)

- 6:00pm** Open Public Review Session
- 6:30pm** Discussion and Selection of a 'Preferred Concept'
- 7:15pm** Closing Remarks and Opportunity to Provide Additional Feedback
