- Photograph of new toilet in place

****Resident submitting the rebate application should be in both photographs.**

****Photos and original receipts will not be returned.**

I declare I am the registered property owner in the City of Castlegar. I have installed a CSA or Warnock Hersey approved 6-litre, HET or dual-flush toilet in my home. The City of Castlegar reserves the right to inspect or verify that toilets have been installed. Rebates shall be repaid to the City of Castlegar should the toilet be returned for cash/credit refund or exchanged for an ineligible toilet. I have read and understood the terms of the program and understand the City of Castlegar is not responsible for the installation or function of the toilet. This rebate offer may be withdrawn without notice.

CASTLEGAR

TOILET REBATE PROGRAM

INSTALL A LOW-FLUSH TOILET AND RECEIVE A \$\$\$ UTILITY TAX REBATE.

The City of Castlegar's Toilet Rebate Program provides a utility tax rebate to single and multi-family homeowners who replace an existing 13-litre toilet or greater with a low-flush toilet (6-litre or less).

- High volume (13-litre or greater) toilets can account for over one quarter of water use in the average home.
- Installing a 6-litre or less low-flush toilet could save more than 70 litres of water every day per family member and, when combined with a water meter, should put money back into your pocket.
- As of September 30, 2005, the provincial Water Conservation Plumbing Regulations have required that all new homes install low-flush toilets.
- Low-flush toilets can perform as well as (or even better than) large volume units. ****Look for a toilet that has a MAP rating of at least 1000 grams per flush for best flushing performance.**

Get Started:

1. Locally purchase and install a new CSA/Warnock Hersey certified 6-litre or HET dual-flush toilet.
2. Take a photograph of the old toilet in place and a photograph of the newly installed toilet in place. ****Resident submitting rebate application should be in both photographs.**
3. Submit your completed application form (including photos) and original paid receipt indicating 6 litre or HET dual-flush toilet purchased to:

Civic Works Department, City of Castlegar, 460 Columbia Avenue, Castlegar, BC V1N 1G7

4. A rebate credit of \$75 for 6-litre toilet or \$100 for HET 4.8 litre or less toilet (maximum two rebates per household) will be credited to your water utility bill/water meter bill once eligibility has been established.

For more information on the City of Castlegar's Toilet Rebate Program, visit our website at www.castlegar.ca or contact 250-365-5979.

- The Toilet Rebate Program applies to installations in single- and multi-family homes constructed prior to March 15, 2010.
- Industrial, commercial and other non-residential properties are not eligible at this time.
- There is a one-year maximum of two rebates (maximum \$200) per single- or multi-family dwelling credited to your water utility bill/water meter bill.
- The program is funded to a maximum of **\$5,000** for **2020**. Submitting an application does not guarantee a rebate - each application will be evaluated and processed on a first-come, first-serve basis.
- Toilets must be new, 6-litres or less, CSA or Warnock Hersey certified and be purchased from a local supplier.
- Toilets may be installed by the resident or by a licensed plumber (toilet replacement does not require a plumbing permit).
- If a resident applies for the toilet rebate in the year the toilet was purchased and program funding had been maximized for the current year, the resident would be able to submit a rebate application if funding is available in the following year.
- This rebate offer may be withdrawn at any time without notice.
