Waste Management is pleased to provide these guidelines to help make it easier to use our services. Please save them for easy reference.
SETTING OUT YOUR CARTS

SET OUT CARTS BY 7 A.M.
• Place your carts and bins curbside no earlier than 4:00 a.m. and no later than 7:00 a.m. on your collection day.
• Carts must be locked and secured at all times except on your collection day. Tickets may be issued for non-compliance.
• Waste service vehicles will not return to a household that has their carts placed out late.

SPACING
• Ensure at least 1 metre (3 feet) of space around each cart, 3 metres (10 feet) of clearance above the cart and 1.5 metres (5 feet) from parked vehicles.
• If you have multiple carts, ensure they are spaced correctly.
• Never place carts closer than 1 metre (3 feet) to any object (such as a light pole, fence, car, hydrant, tree or other cart).
• If your cart is blocked or does not have required spacing, your cart may not be serviced.

AT THE CURB
• Place the cart so that it opens toward the street—the arrow on the lid should point toward the centre of the lane or street.
• The wheels of the cart should be against the edge of the curb.
• IMPORTANT: Please unclip locks on collection day.
• Leave carts unlocked with locks as shown in the picture to avoid damage to locks.

- Residents can use as many water resistant bins for recycling as they need
