Book your **FREE** lawn and garden assessment with the Water Smart Ambassador which includes soil analysis, detailed watering schedule for your manual watering system, xeriscape and irrigation consultations, and two ground cover plants, and one native annual.

People who book a FREE assessment will be entered into a \$100 grand prize draw and receive a rain gauge. The first 40 households to book will also receive a hose timer.

You can also call the Water Ambassador with any questions or concerns about your water use from your quarterly utility bill.
