

CASTLEGAR

SNOW DUMP PERMITS

Contractors wanting to use the Complex Snow Dump for depositing snow will need a Snow Dump Permit. Applications are available at City Hall, Civic Works and at www.castlegar.ca. Once your application and fee of \$750 is received at City hall, a Snow Dump key will then be issued.

Please note: When plowing snow for commercial businesses, the snow must be contained on site or hauled away. **Snow deposited on City property or streets will be hauled away by City of Castlegar crews and the resulting costs and fines shall be forwarded to the contractor and property owner.**

EQUIPMENT REGISTRY

The City of Castlegar is updating the Equipment Registry of available rental equipment for use in operations. If you have equipment available for winter operations complete an Equipment Registry form and submit it to the City of Castlegar at your earliest convenience. Equipment Registry forms are available at Civic Works, City Hall and www.castlegar.ca.

For further information on the above, please contact the City of Castlegar, Transportation and Civic Works Department at (250) 365-5979.
